## WEDDING VIDEOGRAPHY

We currently offer **3 WEDDING PACKAGES**; which are the **HIGHLIGHT, FEATURE** and **LIVE STREAM** package here at Intentional Visuals LLC. Both packages will come standard with **1 Videographer, 4K video recording, 6 hours of wedding coverage** (ceremony to reception), **Audio recording with Lav mic**, and **5 Blu Ray disc, 1 video edit**, and **full raw footage** of wedding.

### HIGHLIGHT EDIT

In the Highlight package, the 1 video edit you will receive will be the HIGHLIGHT edit. This edit will be between 4 -6 minutes in length and will compress your wedding with all the best and highlighted parts of your day with music to match and stunning slow motion for the cinematic touch.

### FEATURE EDIT

The FEATURE Edit, which comes in our Feature package, is longer in length between 15 min and 30 min, adding more wedding audio from vows to speeches, and longer cuts for a more personal documentary feel.

### LIVE STREAM

The LIVE STREAM package includes us live broadcasting your ceremony and reception via your personal facebook page and/or group you've created for privacy, and we can simultaneously stream to our youtube for anyone who does not have facebook. For seasons like this where there is a pandemic and cuts in the guest list or restrictions at venues, your guest can still attend right behind their phone or computer. **QUALITY is 1080p FHD and with 2 videographers.**

## **PRICING**
